LED DayLite[®] NanoLite[™]

Smallest Power Packs:
Includes two, each ONLY
3.15" x 1.20" x 1.80"

Micro USB Connections:
Quick release cable

Two Way Fuel Gauge: shows battery charge remaining when operating and percentage re-charged when charging

Visual Low Battery Warning: provides 5 minute warning when battery needs to be recharged

Rapid Smart Charging: Automatic shut off when battery has a full charge, using less power

Hands Free Quick Touch Controls

Tactile One Touch Button: on or off as you need with the touch of an elbow (reducing cross contamination)

Tactile Rotary Dial: allows you to control light intensity from 20% - 100%

3400 mAh Battery: Highest commercially available battery. Allows for single cell construction providing run time without sacrificing intensity

Self Battery Replacement: Accessible battery compartment allows YOU to change the battery

LED DayLite UltraMini

30% lighter and 20% thinner than other mini LEDs, the LED DayLite® UltraMini surpasses all in both comfort and functionality. The LED optics with curing filter provide the greatest range of adjustable light intensity and now connect via mini USB to the new lightweight and sleek shielded Blue Cable™.

**DESIGNS
FOR VISION**

LED
DayLite

All LED DayLite® products are manufactured with the latest LED technology, emitting bright white light at 5800°K. The **Blue Cable™** is shielded for your protection and the Tellurium Copper Alloy **Heat Sink** provides a cooler, longer lasting LED. Each light comes with your choice of one or two long lasting Lithium Ion battery packs.

LED *DayLite*® Twin Beam®
optically collimated for even brighter light. Ideal for endodontic, oral and maxillofacial, periodontal and general dentistry procedures.

JUST SEE it!™

All Designs for Vision products are *Made in the USA* and are available with our **45 Day, NO Obligation Trial**. Simply contact us for an appointment.
